- Bootstrap
- React Js
- Vue Js
- Redux
- Node Js
- Express Js
- Rest Api
- MongoDB
- Json Web Token
- Firebase Authentication
- Firebase Hosting

LANGUAGES

- Bengali (Native)
- English (Fluent)

PROFILE

Despite my academic background in Physics, my unwavering dedication has been directed towards mastering the realm of web development. Through immersive training, I have cultivated proficiency across a diverse spectrum of technologies, encompassing Javascript, Node.js, Express.js, Firebase, Tailwind CSS, and Bootstrap. My practical experience is underscored by the successful completion of various web projects, where I have showcased adeptness in tasks such as Firebase authentication, hosting, and MongoDB database management.
